

**RV Endeavor PowerPoint Bullets for 6/19/10**  
**Operational Period 6/18/2010 Sampling Period**

- The RV Endeavor is en route to its first sampling site location. On the way to the first sample location, 3 drifters were deployed for NOAA fisheries.
- Dunk tests were conducted with the CTD and Sentry equipment to ensure proper operation prior to sampling.
- The first CTD cast will commence at 0630 on 6/19/2010.
